My Dear Mrs Manley:

This will recall our talk a few days ago, regarding a benefit game for the purpose of establishing a fund to maintain a recreation center for colored youth of our city

and as usual the response has not been as hopeful as had been hoped, since the opposition to use ^{of} the Roosevelt Stadium comes from the City Hall, nevertheless I took the matter up with the ministers alliance, and they are to call a meeting Tuesday noon next to

discuss the matter. I trust I can prevail upon them to appoint a Committee of ministers to wait upon Mayor Hague, and get his permission to use the stadium. until then I can do nothing.

The purpose of writing is to acquaint you of our accomplishment so as not to interfere with your plans in regard to the dates you have in mind. Hoping you much success, and thanking you for the interest shown.

Very truly yours
